

HIGHLAND MEADOWS ESTATES HOA NEWSLETTER

**** FOR HIGHLAND CREEK & HIGHLAND MEADOWS HOMEOWNERS****
WWW.HMEHOA.COM

Around the neighborhood.....

Overnight street parking continues to be the biggest problem in the neighborhood. Not only does it effect your neighbors but is a violation of the HOA documents. Please park in your driveway and/or garage and free up the streets for invitees and delivery people.

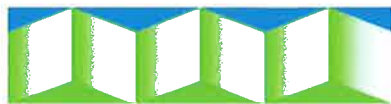

Weeds, weeds, weeds! Please put out your weed control as soon as possible to avoid getting a violation letter. SBB Management Company will be driving the community and sending out letters to those homes with problem yards. Mow, edge, weed and fertilize for a healthy lawn this year!

Noise complaints can be a year round issue for those owners that enjoy spending time in their back yards on nice days. Please be aware that loud music is not always appreciated by the neighbors and can be considered a nuisance. Respect your neighbors and keep the noise levels down during the day as well as the evening. The City of Keller has approved a new Noise Ordinance that they will be enforcing soon. Avoid getting letters from the HOA and the City of Keller; please turn the volume down!

Architectural Review— Summer projects to the home can be exciting, however, please don't forget to fill out your ACC request form prior to starting any projects. The ACC must approve all changes or modifications. If you need an ACC request form please contact the SBB Management Company team listed below.
